## Behind the Scenes

### Reopening the UC Theatre

The East Bay is about to get a new music venue in a very old building. The **UC Theatre**, a former cinema that opened in 1917, has undergone a multimillion-dollar transformation into a live music venue, with first shows planned for December.

The Taube Family Music Hall at the UC Theatre will focus on the types of cutting-edge acts that headline San Francisco's Fillmore Auditorium. The venue will also host comedy shows and a speaker series, and will partner with various nonprofits for special events. [theuctheatre.org](http://theuctheatre.org).
